ASSERTS ATOM BOMB OBSOLETE; AIR RAIDS ARE DUE HERE SOON

"The atom bomb is already obsolete, any airplane that you can see is just a training ship, and I believe we are going to have air raids soon." Frederic Snyder, world traveler, reporter and lecturer, told members of the Waynesboro Manufacturers association and the Valley branch of the National Metal Trades association Saturday afternoon at the South Mountain fairgrounds.

He was the principal speaker at the 21st annual outing of the two groups, which opened with a dinner at the fairgrounds at noon. L. L. Stouffer, secretary-treasurer of the Pangborn corporation, was toastmaster.

Disunity Helps Stalin
Warning his 300 listeners to keep open minds and be prepared to change their opinions "every 20 minutes, because the next news flashes may change what I say," Mr. Snyder declared that the great need in the United States is unification. "Stalin's greatest victory is our disunity," he said.

"I believe we are going to have air raids soon, from black, unmarked planes, but the bombs will be 'nuisance' bombs, not atomic blasts. Stalin will never declare war, and he will deny that these black planes are Russian. I believe that a type of hydrogen bomb will be set off 1,000 miles out in the Pacific, and its lethal dust cloud of radio activity will drift to California in 22 hours and in a few days will kill everything that breathes across the entire country."

Cites Prague As Target
America's offense center will be Prague, the speaker said, where U.N. forces can set off similar bombs which will drift their radio activity across Russia from Leningrad to Odessa.

Stressing the great need for unification, which he said is lacking at this time, Mr. Snyder said it should come in the home, in the church and in the manufacturing plant as well as in government circles.

"America lost the first round of the peace talks in Korea," Mr. Snyder said. "We told them to meet us on a neutral ship. They made monkeys out of us when they insisted on the meeting place of their choice and dictated terms."

Need God's Help
The speaker said the "mob army" idea has failed, but there will be no peace, and no declared war. "Stalin wants us to invade Russia, which has never been defeated by invasion," he said. He predicted that there would be assassinations and bombings with poison gas, and that the assassinations which have already taken place point the finger at other leaders, including General Dwight D. Eisenhower.

In speaking of affairs in Washington, Mr. Snyder said that "the presidency is changing from an office to an organization," and warned that "America is only one inch away from syndicalism."

He urged, however, that "relaxation" be enjoyed for "greater efficiency" in meeting the problems of the day, and that men "participate for nobility," declaring that "there is only one great aristocracy, the aristocracy of the useful. Ask God to help you and He will do 50 per cent of the job, but it will be the last 50 per cent. You must do the last 50 per cent yourselves."

A program of games and contests followed the dinner and Mr. Snyder's address.

Yanks Bomb N. Korean Capital; 2 Corsairs Collide In Mid-Air

U.S. Eighth Army Headquarters, Korea, July 30 (AP)—U.S. warplanes blasted the North Korean capital of Pyongyang through rain today in one of the most determined air assaults of the Korean war.

It was not the war's largest raid, a Fifth Air Force announcement said, but it was pushed home with vigor. Two marine Corsairs collided in the rain clouds and were lost.

B-29 superforts blasted three Red supply centers in North Korea—Chinnampo and Kyomipo in the west and Hanhung on the east coast.

At the time the planes first appeared over Pyongyang—11:40 a.m.—Lt. Gen. Nam Il, senior Communist cease-fire negotiator, was saying in Kaesong:

"It is our understanding that hostilities will continue until an armistice is agreed on."

He did not know that the North Korean capital was under air attack at that very moment.

Pyeongyang was made a prime target Monday not because it is the capital of North Korea but because it was one of the few target areas

U. N. Advance Headquarters, Korea, July 30 (AP)—Allied and Red negotiators bargained more than three hours in sultry Kaesong today, but made no progress toward ending the shooting in Korea.

Instead, they agreed that the war would continue while they talk. As they reached this understanding Allied warplanes smashed at the Red Korean capital of Pyongyang in one of the most determined air assaults of the war.

The negotiators remained deadlocked on the problem of a buffer zone to separate the opposing armies if and when a cease-fire agreement is reached.

Early Solution Not Near
A U. N. spokesman said: "The final solution is hoped for. That doesn't necessarily mean it is in the immediate offing."

Their 15th session opens tomorrow at 11 a.m. (8 p.m. Monday, EST).

ARMY GENERAL IS DISCHARGED

Washington, July 30 (AP) — The commanding general of the Detroit tank arsenal has been fired from his command and reprimanded for accepting favors from contracting companies.

An army announcement last night said Secretary of the Army Pace had relieved Brig. Gen. David J. Crawford after an inspector general's report showed Crawford had "violated army regulations and had not met the high standards required of an army officer."

The 54-year-old Crawford, a West Point graduate and veteran of 29 years' army service, admitted before a congressional committee at Detroit on July 23 that he had accepted a free Washington hotel suite and the gift of a boat keel from contracting company representatives.

In addition, he acknowledged using government materials in building pleasure boats and transporting personal property at government expense.

Crawford, head of the Detroit tank arsenal for the past four years, will be replaced by Brig. Gen. Carroll H. Detrick, 53-year-old native of Watertown, Pa., who now commands the Watertown, Mass., arsenal.

Informed of the army's action at his home in Detroit, Crawford said: "I am still in the army. I don't know what I will do now. I am awaiting new orders."

Scotsman Swims Channel 2nd Time

Dover, Eng., July 30 (AP) — A 54-year-old Scotsman today is the fourth man in history to swim the English channel in both directions.

Ned Barnie, an Edinburgh science teacher, made it the hard way yesterday by swimming from England to France. Tides and prevailing winds make this more difficult than the France-to-England swim which Barnie accomplished last year. The distance is approximately 21 miles and yesterday took Barnie 19 hours and two minutes.

\$13,815 Is Found In An Old Ice Box

Allentown, Pa., July 30 (AP) — Mrs. John Kropf, 65, yearning for modern convenience, gave away her old-fashioned ice box to a junkman and bought a new electric refrigerator. The junkman carted the box away but left it aboard his truck which he parked on a vacant lot over the week-end.

Two youngsters — Arthur Ross, 12, and Joyce Kline, 10 — decided to play "house" on the truck. Accidentally, they kicked open the ice compartment of the ice box. Inside was a small green box wrapped in newspapers. And inside that — \$13,815 in cash. Some of the paper money was mouldy.

Arthur hurried to his father who inspected the box, found the Kropf address scratched on the side. Mrs. Kropf was astounded. She said her retired farmer-husband, now 82 and ill, apparently had saved the money and then cached it away in the ice box.

She rewarded the children for finding the treasure, then deposited the cash in the Allentown National bank.

RIFT DENIED BY DUFF AND FINE

Harrisburg, July 30 (AP) — Gov. John S. Fine and U. S. Sen. James H. Duff flatly denied today reports of a break between them.

Reports of a rift were published by Time magazine which said Fine had swung over to a faction of the Republican party headed by former U. S. Sen. Joseph R. Grundy.

Duff and Fine headed a GOP ticket which defeated the Grundy organization in the bitter 1950 GOP primary election.

"My relations with Senator Duff have been and are now amiable," Fine told newsmen over the week-end.

Duff, equally emphatic, said: "I have not in the slightest broken with Governor Fine."

The magazine report said Fine met "secretly" during the 1950 primary campaign with G. Mason Owlett, Republican national committeeman and top Grundy aide. Owlett, president of the Pennsylvania Manufacturers association, is supporting the governor's disputed state income tax bill, now deadlocked in the Senate.

Fine sharply denied he met secretly with Owlett or any other top Grundy leaders.

The first session of the master mixed teams-of-four was scheduled to start this afternoon in the 25th Summer National Bridge meet. Altogether, seven major championships are at stake.

Attendance records were broken yesterday. Hundreds of bridge players from all over the country gathered to watch the experts make their finesse and negotiate their "end plays."

Last night Dr. and Mrs. Seward M. Transue, of Hanover, Pa., and Mr. and Mrs. Clifton N. Lovenberg, Providence, R. I., won the non-master national team title with a tally of 32 matches.

2 U. S.-Born Prisoners Of Nazis Return Home

New York, July 30 (AP) — Two American-born men thrown into Nazi labor camps came back to their homeland today for the first time since they were children.

They are Matthew Lanik, 34, born in Monessen, Pa., and Wladyslaw Bucon, 40, a native of Detroit. Taken to Poland by their parents when they were youngsters, they returned today with 1,200 displaced persons from Europe aboard the navy transport General R. M. Blatchford.

Both had spent several years in Nazi slave labor camps during World War II.

Lanik, accompanied by his wife, Theresia, and their three-year-old daughter, will reside temporarily with Nicholas Inlycky, of Manhattan. Bucon is headed for Wyandotte, Mich., to live with an uncle, Valentine Kameniak.

BABY DROWNS IN BATHTUB

Philadelphia, July 30 (AP) — An 11-month-old baby drowned in a bathtub where he had been placed with a two-year-old sister to cool off in the hot weather.

Mrs. Margaret McCann drew a small quantity of water into the bathtub of her home in north Philadelphia last night. Then she sat in the living room while the youngsters, 11-month-old Edward and two-year-old Margaret, played in the tub. About a half hour later, a downstairs neighbor saw water dripping through his ceiling.

He hurried to the McCann apartment and found Edward drowned in a tub overflowing with water.

The mother told police she had filled the tub only to about a depth of three inches. Margaret, she said, apparently had turned the spigots on full after the mother left.

The children's father, who is 21, was away on a fishing trip.

FAMILY AFFAIR

Holidaysburg, Pa., July 30 (AP) — James C. Bagshaw, 61, of Holidaysburg, took his family for an auto ride Friday night. About the same time his son, Emory, 31, of nearby Williamsburg, also decided it was a nice evening for a drive.

Both father and son chose the same country road. Their cars collided head-on. Six persons, including father and son, were injured, two seriously enough to be hospitalized.

Detroit, July 30 (AP) — Threats of strikes hung over sections of the motor car industry today. Ford and Chrysler are the affected concerns. Employees at the Ford Wheel plant in Monroe, Mich., decided yesterday to take a strike vote. A spokesman for Local 723 of the CIO United Auto Workers said the strike vote probably would be taken this week. They have agreed to return to work meanwhile.

YANKEES SWEEP 3-GAME SERIES FROM WHITE SOX

By RALPH RODEN

(Associated Press Sports Writer)
The New York Yankees expect easier sailing in the tight American league pennant race now that "the big guy" is hitting for distance once again.

Joe DiMaggio, hobbled by injuries all season, came to life over the week-end and forced the experts to put his obituary back on the shelf.

The \$100,000-a-year outfielder looked like the DiMaggio of old as he slammed three home runs in as many games to help the Yanks sweep a three-game series from Chicago and knock the White Sox out of the race at least for the time being.

Greatest Day Of Season

DiMaggio clinched Friday night's disputed 3-1 victory with a homer and yesterday he enjoyed his greatest day of the season before 70,972 fans, largest crowd of the year at Yankee stadium.

The poker-faced veteran drove home five runs on a pair of homers to spark the Yanks to an 8-3 victory in the opener. He singled and scored the insurance run in a 2-0 nightcap triumph.

The sweep enabled the Yanks to pull two games ahead of the Boston Red Sox and Cleveland Indians. The Indians nipped the Red Sox, 5-4, to tie Boston for second place. The fourth-place White Sox are lagging 6½ games off the pace.

In other American league games, the Washington Senators split a doubleheader with St. Louis, winning the first game, 7-2, but losing the second, 8-6, and the Philadelphia Athletics divided with the Detroit Tigers, taking the nightcap, 3-0, after dropping the opener, 8-4.

Meanwhile, the Brooklyn Dodgers continued to make merry in the National league. The Brooks trounced the St. Louis Cardinals, 9-3. The runner-up New York Giants shaved the Dodgers' lead to nine games by taking a pair from the Cincinnati Reds, 3-1 and 6-4.

The Chicago Cubs also swept a doubleheader, beating the Philadelphia Phillies, 5-4 and 8-6. Boston and Pittsburgh divided, the Pirates winning the opener, 6-2, and the Braves the nightcap, 5-4.

Birdie Tebbetts, a former Red Soxer, ruined his old mates at Boston. He poled a two-run homer in the fourth off loser Leo Kiely and singled to launch the Indians' winning rally in the seventh. The Dodgers, trailing 3-1, scored seven runs in the seventh inning in beating the Cardinals for the 12th straight time.

Bendersville defeated the second place Wenksville squad 6 to 2 on the loser's diamond, and practically assured itself of at least a first place when the league ends its competition August 19.

From Heidersburg came word that the squad does not wish to play any more this season, which, if that decision remains, will give Bendersville a forfeit victory next Sunday, making it certain of at least a first place tie.

The fifth-place Sunbury Giants gave league-leading Hagerstown plenty of trouble yesterday. They took a 12-inning opener of a doubleheader, 4-3, and battled the Marylanders to a 3-3 nine-inning deadlock in the nightcap called by Pennsylvania's Sunday curfew law.

Pete Brozovich's single with the bases loaded and none out in the 12th gave Sunbury the first game. Brozovich's hit, his fourth of the game, resulted in pitcher Andy Bush's second loss in 18 decisions.

Barney Bornholdt had a homer for Sunbury. Brozovich scored the tying run in the second game on Dave Abramson's home-inning double. Lou Tufano homered for Hagerstown in the regularly-scheduled, seven-inning tilt.

In the only other Interstate league game played, the York White Roses came from behind with five runs in the sixth inning to defeat Harrisburg, 7 to 2.

A two-night doubleheader between Allentown and Wilmington at the Delaware city was rained out, as was a scheduled night game between Lancaster and Salisbury at the Maryland city.

The Salisbury A's had gained an even split in a Saturday night double bill with Lancaster, winning the nightcap, 6 to 0, after being the victims of a seven-inning, no-hit pitching victory in the opener.

MANGRUM WINS DESPITE THREAT

St. Paul, Minn., July 30 (AP)—Usually calm Lloyd Mangrum headed for his home course in Chicago today, a \$2,250 first prize check in his pocket and his nerves slightly a jingle because of a threat that he hadn't better win the St. Paul Open tournament if he wanted to live.

Mangrum set a new St. Paul Open record yesterday with a 266 for the 72 holes. He told of the threat at ceremonies at which he received the check.

The call came Saturday night, he said, after he had set a new 18-hole record with a ten-stroke-under-par 62. It was about 11:30 when he answered the telephone in his hotel room.

A voice told him, he said, "We've got a lot of money bet on the tournament; if you want to get out of St. Paul alive don't win."

He reported the call to authorities and all during yesterday's play uniformed and plain clothes policemen mingled with the large gallery that followed him. They stayed close to Mangrum, who in turn steered clear of spectators and well-wishers alike.

How much the call upset him was shown by the two-under par 70 he posted for yesterday's round. It was his poorest score of the four-day tourney over the 6,557-yard Keller Municipal course.

He started out with two rounds of 67, five strokes under par, and then chopped ten strokes off par Saturday in his record breaking tour of the course. His 266 for the 72 holes set a new record also, clipping two strokes off the mark set by Henry Ransom in winning the 1946 event. Same Snead, White Sulphur Springs, W. Va., equalled the total in 1949 when the Western Open took the place of the St. Paul Open.

The "underdogs" had a field day in the Pen-Mar Baseball league Sunday, with the loop-leaders pounded for defeats in most games.

First-place Fairfield lost 1 to 0 in a tight game with the third place Littlestown squad. The end came in the last inning when Littlestown got its first hits of the game off Guy Weikert and drove in the one run necessary to win.

McSherrystown Wins

The seventh place Thurmont squad knocked off the second place Taneytown team 7 to 3 and Westminster climbed into a fifth place tie with Emmitsburg by downing the Emmitsburg squad 10 to 6. McSherrystown strengthened its hold on fourth place by winning 4 to 0 over the last place Cashtown.

Green Springs at Hunterstown.

Sunday's Game

All Star game at Brushtown.

The South Penn league—for all teams with the exception of Hunterstown and Green Springs—ended its regular season Sunday without reaching a final decision concerning which squads will be in the play-offs.

Green Springs defeated Hunterstown 14 to 7 Sunday, while Gettysburg won, 6 to 5, over Bonneauville, thus keeping the race for fourth place as tight as ever.

Granite at the same time eked out a 6 to 5 score over the loop-leading Brushtown squad to put its absolute hold on first place in the final regular league standings in doubt and Greenmount nipped off Barlow, 8 to 2.

Play Saturday

The one remaining game in the regular schedule will be played Saturday when Green Springs will journey to Hunterstown to play a tilt postponed from June 10.

On the results of that game will hang several decisions. Should Hunterstown win, that squad will be in a tie for the top spot with Brushtown and Gettysburg and Green Springs will be tied for fourth place, thus necessitating another game to decide who will enter the play-off. Gettysburg or Green Springs, as the fourth place team. Should Green Springs defeat Hunterstown then Green Springs will have full title to fourth place and Hunterstown will drop into a second place tie with Granite.

As a result the game will probably attract attention throughout the league. Sunday the circuit will present an All-Star contest at Brushtown and will start its play-offs for the loop title on August 12.

In the Gettysburg-Bonneauville game Sunday the victors won their game in the first two innings and almost lost it in the third. Five runs in the first and one in the second accounted for all of the Gettysburg runs. Bonneauville did all of its scoring in the third.

A special meeting of the South Penn league will be held Tuesday evening at 8 o'clock at the American Legion home, Baltimore street, to set-up arrangements for the play-off and discuss other business of the circuit. President John Grindler announced today.

From the Files of the

ONE HUNDRED YEARS AGO

Be Careful: The warm days and cool nights, with supplies of unripe fruit, have brought with them the usual Diarrhoea and Dysentery, which have been prevailing more or less in various parts of the country. In view of the prevalent tendency to these disorders, it would be well for all to be on their guard, and carefully regulate their diet. Unripe fruit, especially, should be carefully abstained from. Unnecessary exposure to night air should also be avoided.—Star.

Married: On the 17th ult., by the Rev. D. P. Saylor, David Pfouts, of Uniontown, Carroll county, Md., (formerly of this county), to Miss Elizabeth R., youngest daughter of Jacob Shriner, of the same county. On the 28th ult., by the Rev. J. Ulrich, Mr. Jacob P. Pensyls, to Miss Catherine Sorbach—all of this county.

On the 20th inst., in Centre county, Pa., by the Rev. A. Brittain, Mr. Samuel Crist to Miss Henrietta C. Bauman—both of Bendersville, Adams county.

Three persons died of cholera in Johnstown, Pa., on Monday, and several others are ill of it.

Revolution in Cuba: The present movement for revolutionizing Cuba seems to be the best organized that has yet been made. Without any preliminary flourish in the United States, a battle has been fought, a declaration of independence has been published to the world, and the patriot force already numbers one of two thousand men. The first engagement, and the declaration of independence—whether by accident or design, we know not, are dated July 4th.

SEVENTY-FIVE YEARS AGO
Mr. Daniel Cashman has sold his farm in Straban township, to Mr. Alfred Schriver—about 88 acres, at \$3,540.

Mr. Henry Felty, Sen., of this county, has in his possession a centennial soldier coat which was worn by his father in the revolutionary war.

Mr. Frank Felty, of New Salem, has purchased of Myers and Strouse the Keystone Hotel, in this place, for \$8,900. Mr. M. will take possession next April.

On Monday, at Westminster, William N. Burgoon, cattle dealer, was killed at the railroad depot, by falling from a car, the car passing over and mangling his body, causing death in a couple of hours.

Mr. D. W. Ziegler, of this place, won the first prize in the Bendersville Tournament on Saturday, taking the ring six times out of nine trials. The prize was a handsome riding bridle. We hear the festival was a success.

Dr. Lochman's Lutheran Sunday School of York, Pa., had a picnic in McSherry's Grove, near Littlestown, on Thursday. The party numbered 1,300 and occupied sixteen cars. Everything passed off pleasantly.

Summer Meeting of the Trotting Association: The Summer Meeting of the Gettysburg Trotting Association commenced on Tuesday. The officers of the association have succeeded in not only assembling a first-class display of horse-flesh, but in furnishing comfortable accommodations for their patrons. A grand stand, seventy-five feet long by eighteen feet has been erected on the sight of the old music stand, where comfortable seating accommodation is furnished for nearly five hundred persons. The stand commands a perfect view of the whole track.

The first race on Tuesday was for horses that had never beaten 3.20. The race was first class in every respect.

Today's Talk

By GEORGE MATTHEW ADAMS

THESE BLESSINGS ARE OURS

If we would only look about us and take note we would realize how great our blessings are day by day. To us all come sorrow, individual troubles, problems, disappointments, unhappy periods, and yet all these are overshadowed by the endless blessings that are ours in some form or other.

There was a gospel hymn that used to be sung in my father's church, and I often think of it. The lingering refrain was "Count your blessings one by one." If we would do this instead of thinking of our troubles, lacks, or difficulties, we would be far happier human beings and our spirit would rise and delight in the attempting of impossible things! In most cases, no matter how bad a situation may seem, it isn't as bad as it might be! So, count your blessings and name them over in your mind, one by one.

I could write a book that would be a long one about my disappointments, but I could write a bigger—and more interesting book—about the blessings that have been mine over a long and varied lifetime.

I have been blessed with better than average health over the years, but there have been two long periods when I was housed in a hospital, and it was then, more than at any time of my life, that I realized what a multitude of blessings over the years had been mine. I would contrast these with my disappointments, unhappy moments, failures, and regrets. I would wonder why I ever could complain about anything. Many a long night, when I couldn't sleep, I would name every blessing I could think of—and before I realized the fact, I would fall asleep from the long naming of my endless blessings!

These blessings of ours are what make life so livable, and everything toward which we may strive, so very possible. We are happiest, however, when we share these blessings of ours, spread them around, and encourage others to count their blessings.

Glancing from my cabin on my small island retreat, I see blessings scattered everywhere about God's beautiful earth—sunshine, fragrance from the pines, the some of the wind, the bird calls, the wild flowers, the glistening waves, the clouds and the blue sky. Nature is always astir!

Tomorrow Mr. Adams will talk on the subject: "Leisure."

FREEDOM
The word slips lightly from the tongue.
Falls lightly also on the ears.
Yet, what means freedom to the young
Descendants of its pioneers?

I wonder have they learned as yet
More precious freedom is than gold?
All it bestows men died to get
And, threatened, still will die to hold.

This heritage of human rights:
The chosen task, the church, the school,
The home, with all its restful nights,
The ballot, naming who shall rule.

These are what freedom means. The cost:
The lives men gave its joys to gain.
And, should our heritage be lost,
Nothing of value would remain.

Seed Sowing In Summer Calls For Special Skill

Summer sowing of vegetable and flower seed requires a special technique which anyone can master in a few minutes yet it is amazing how many amateur gardeners never do it.

They are used to stirring the soil in the spring, dropping the seed in a drill, or hill, and covering it, with such a high percentage of success when they start early enough, that they never realize how careless they may become.

The same methods, if used when temperatures reach 90 degrees, and rains are far apart, are likely to fail. Yet summer sowing is necessary in order to keep a vegetable plot bearing all season long, and also to develop fully the opportunities for beauty in the flower border.

The chief requirements for successful planting of seed in hot, dry weather are moisture, and a porous soil covering for the seed. At 90 degrees, surface soil is sure to be dried out to a depth of two inches or so. When seed is sown, without providing for moisture artificially, it simply lies dormant in the powder dry soil, until a rain comes, and then the seedling is usually baked to death before it rains again.

If there is clay in the garden soil, the summer sun will bake it to a hard crust between showers, and the seed sprouts may not be able to penetrate it, so they are buried alive in infancy. All this can easily be verified by any gardener who sows

seeds in hot weather without taking due precaution, and observes carefully what happens to his seed.

There is no mystery about it, and the way to success is a common sense one. To begin with you soak the soil in which seed are to be sown several inches deep. The soil is stirred deeper than in the spring, and if the seed is to be sown in rows the drill is made deeper, two inches at least. The seed is sown on the moist soil, and covered with a special soil mixture in which there is no clay. Peat moss mixed with sharp sand is excellent for this purpose. Peat moss can be used alone, or fine top soil can be mixed with equal part of sand and peat moss.

The special soil mixture will not bake, and will hold moisture much longer than the soil. The garden hose must be used daily, to sprinkle the surface, wetting the soil three inches deep. If watering is not easy, the moisture will be held longer by covering the seed row or bed with a mulch of dry lawn clippings, or any other practical mulching material, including newspaper, boards, straw, dried leaves, etc. But if the row is shaded from the sun, the mulch must be removed as soon as the seeds sprout, as they will need the light.

Frequent sprinkling must be continued until the seedlings have grown roots three or four inches long, so they penetrate to the subsoil moisture and can take care of themselves from then on.

PRE-WINTER PLANTING SCHEDULE

Timing is a vital key in successful planting of numerous ornamentals, fruits and vegetables. To help experienced farmers and gardeners as well as beginners, the following schedule is offered for the next four months:

Lilies—Plant bulbs of the Madonna lily in late August or early September and bulbs of most other hardy species and varieties in late October or even in early November.

Peonies—Plant new roots or divide and replant old crowding clumps around the middle of September. Soil should be prepared in advance by working well weathered and pulverized cattle manure (gathered from a summer pasture) uniformly through the rooting stratum to a depth of 12 to 14 inches.

Evergreens—Most evergreens, both broad-leaved and so-called conifers, may be set out in August when the plants become partly dormant for a few weeks. Of course, August-planted evergreens must be liberally

watered until fall rains are sufficient.

Daylilies (Hemerocallis) — This beautiful flower may be planted from early September until late October. Experienced growers advise September planting for maximum plant vigor.

Lawns—Prepare soil for starting a new lawn or repair soil for re-seeding barren areas at least a few weeks before time to sow seed in early September. Only for emer-

GET PAY BOOSTS

Harrisburg, July 30 (AP)—Ray F. Smock, highways department secretary, has announced the 14,500 workers in his department have been granted a 10 per cent pay increase. The pay raise, which department officials estimate will boost by \$3,500,000 the department's payrolls, went into effect on July 15, Smock added.

Most American caviar is made of salmon or whitefish eggs.

Daffodils—Plant bulbs as early as they are procurable in September, although planting may be practiced as late as early November. Preferred planting dates for other bulbs are: Winteraconite, early September; Snowdrop, early September; Glory-of-the-Snow, late September or early October; Crocus, as early as new bulbs arrive; Grape-hyacinth, any time in October; Siberian squill, late September or early October; Snowflake, as early as bulbs are procurable; Hyacinth, from early October to early November; Tulip, late October to early November.

Strawberries—Vigorous plants may be set out in late August, providing moisture is liberally supplied when needed before winter.

Winter cover—Rye may be seeded from late August until early October for winter cover and spring green manure.

Shrubs—With a few exceptions, deciduous shrubs should be planted in late October or early November after they are thoroughly dormant. The exceptions are: Spicebush, Japanese Snowball, Shrubalthea, Buddleia, Calycanthus, Coleuta, Hawthorn, Sumacs, and Magnolia. These should be planted in early March with the exception of Magnolias, which should be set out near or during their bloom stage.

Roses—Late October and early November is recommended for all hardy roses. While early spring plantings usually succeed, it is significant that most leading growers prefer late fall for planting.

Shade trees—Like deciduous shrubs, most shade trees do best when set out in late fall or during mild periods over winter.

Perennials—Seedling plants of many hardy perennials may be moved to their permanent growing places from early September until late October.

Red raspberries—Late October or early November planting is practicable where soils do not heave severely.

Norristown, Pa., July 30 (AP)—Robert Paul Orler, 21, of West Conshohocken, drowned on Friday in a quarry pool near here. He could not swim. Orler jumped from a diving board into the swimming hole, apparently with the intention of grasping a support of the board, police said.

The topic, "Blueprint for a Christian Community," was introduced by the leader. The subject dealt with the experience in the ministry of Rev. John Frederick Oberland. FIVE KILLED IN RACING MISHAPS

Winchester, Ind., July 30 (AP)—Two speedway drivers were killed within a 15-minute period yesterday and both rode to death from virtually the same spot on a steep banked curve.

At two other speedway tracks—in Illinois and Pennsylvania—accidents killed two persons—a driver and two spectators.

Two well-known drivers—Cecil Green, 31, of Houston, Tex., and Bill Mackey of Indianapolis—were killed when their roaring, ground-eating racers went out of control at the Pank speedway near Winchester, Ind.

First to die was Green whose Offenhauser Special spun as he hit the steep southwest banked curve. The car crashed through a two-foot guard rail, turning as it plunged down a 25-foot embankment.

2nd Driver Crashes
Within 15 minutes, Mackey zoomed toward the same curve. His

car went into a sudden spin, smashed the guard rail and went down the embankment. Later, a track official said Mackey's racer left skid marks less than six inches from those made by Green's ill-fated car.

Another top driver, Walt Brown, 41, of Massapequa, N. Y., was killed Sunday at Williams Grove, Pa., half-mile speedway when his car went out of control during a time trial. Clipping along at breakneck speed, Brown's car rose on a curve, spun and turned over, crushing him.

A spinning wheel spelled death for two spectators at a stock car race at Mt. Hawley speedway near Peoria, Ill., Saturday night. The wheel wrenched free from a car, bounced off a wall and was hit by another car, sending it like a shot into the stands. It plowed into Mr. and Mrs. Maxie Myers, each 54, of Peoria Heights, mortally wounding them and hurting two other spectators. The driver of the car was not hurt.

Cleopatra was handy with a needle—a gold one she used to decorate a silk garment for Marc Antony.
